social
scientist**

A photograph of the Vrije Universiteit Amsterdam building, a large multi-story structure with many windows, viewed from behind a black metal fence. A tree trunk is visible on the left side of the frame. The building has a blue logo and the text 'vrije universiteit' on its facade. The sky is overcast.

Vrije Universiteit AMSTERDAM

Let's demystify it.

AI

**is terribly good
at using tools**

and it will keep improving

AI is another abstraction layer

Understand fundamentals
deeply.

Delegate implementation details*

AI makes answers cheaper

We decide which questions
deserve attention

TASTE

Follow your questions

Let curiosity shape your career

ASKING WHY

CLICKS

short term

NEEDS

long term

**Behavior is visible.
Motivation takes work.**

SOCIAL SCIENTISTS ARE THE MISSING PIECE

Correlation
Prediction

Causation
Levers

SOCIAL SCIENTISTS ARE THE MISSING PIECE

Second-Order Consequences

**SOCIAL
SCIENTISTS
ARE THE
MISSING PIECE**

**Clean
experiments
are rare**

**Better tools widen
the evidence**

**Every answer
has context**

Qualitative data

Quantitative data

We can do it.

Should we?

Follow the question.

Build your toolkit.

Help others build theirs.

I can't do it...

YET
